The purpose of this fabulous event is to introduce the sport of "ANGLING" to our Big and Little Brothers and Sisters. While spending quality time with these boys and girls we hope to create an interest for them to pursue this sport on their own excursions.

We are assembling an elite group of anglers to take each of these bigs and littles out for the day. This group consists of professional's from with-in the angling industry including tournament anglers, guides, media reps and outdoor writers.

Each child will be given their very own rod & reel along with all the tackle they will need, compliments of **Harrison Outdoors** and associate sponsors. There will also be draw prizes for those anglers donating their time and vast knowledge to these children.

Most of us were fortunate enough to have someone introduce us to this wonderful sport and pastime. Lets give someone else that chance.

Sincerely,

Phil Harrison
